RESEARCH METHODOLOGY

DATA INTERPRETATION AND ANALYSIS

EXIM Bank augments Lines of Credit (LOCs) to abroad governments, money related organizations, territorial banks and different abroad substances, to fund India's fares to those nations. EXIM Bank's LOC is a danger free, non-plan of action fare financing alternative accessible to Indian exporters for advancing their fares. Under this course of action, abroad merchants are required to pay advance installment to Indian exporters, which is normally 10% of the agreement esteem. EXIM Bank pays the parity sum, which is typically 90% of the agreement worth, to Indian exporters through arranging banks in, endless supply of merchandise. EXIM

CONCLUSION

EXIM bank is one of the leading and primary institutions that is governed by Govt. of India to provide the assistance to export and import activities in India. The exporters and importers of the country are provided the financial and credit assistance so that they can work out the international trade effectively without any legal and economic hassle. In this research paper, the performances of Indian economy with respect to the EXIM policies are specified. In this work, the country wise and product wise data interpretation and analysis is done to evaluate the dimensions and scope of future growth.
